

SAFETY AND HEALTH POLICY

Thunder Cranes Sdn Bhd (TCSB) is committed to undertaking all its activities in line with the highest standards of safety and health. This policy serves to guide the organization towards achieving its Vision and Mission by recognizing safety and health as an integral part of its business performance in the provision of offshore portable modular hydraulic crane units and services.

Our Policy, therefore, is to:

- **Take** reasonable and practicable steps to prevent accidents, injuries, occupational diseases or illnesses, dangerous occurrences, occupational poisoning and damage to property.
- **Comply** with all legal, statutory and other requirements applicable to our business activities.
- **Identify** hazards in all our activities, assess risks, eliminate hazards and reduce safety and health risks so far as is reasonably practicable.
- **Provide** avenues for communication, consultation, participation, promotion and sharing of safety and health matters.
- **Provide** adequate resources, training and organization to manage hazards and risks.
- **Set** objectives and targets incorporating them as part of the annual business safety and health plan.
- **Maintain** effective and adequate emergency response capabilities in all its operations.
- **Continually** improve the effectiveness of the Safety and Health Management System.

TCSB requires all its employees and contractors to always promote and adhere to this policy.

DINESH ARUMUGAM

CHIEF EXECUTIVE OFFICER
