

ENVIRONMENTAL POLICY

Thunder Cranes Sdn Bhd (TCSB) is committed to providing quality services in a manner that protects the environment, prevents pollution, provides a safe and healthy workplace, and minimises adverse environmental impacts arising from its activities.

TCSB shall comply with applicable environmental legal, statutory, regulatory, client, contractual and other requirements, and shall continually improve its environmental and sustainability performance.

Our Policy, therefore, is to:

- **Understand** the expectations and requirements of relevant stakeholders in relation to environmental management.
- **Identify and assess** environmental aspects and impacts from our activities and implement appropriate control measures.
- **Maintain** effective emergency response and spill contingency arrangements to prevent or minimise environmental impact.
- **Promote** environmental awareness among employees and encourage environmentally responsible work practices.
- **Implement** proper waste management practices, including waste segregation, reuse, recycling and reduction of waste generation where practicable.
- **Improve** the efficient use of energy, water, materials and other resources through feasible conservation measures.
- **Communicate** our environmental commitment to employees, clients, contractors, suppliers and relevant interested parties, and encourage their support.

DINESH ARUMUGAM

CHIEF EXECUTIVE OFFICER
